

OPERATIVE / PROCEDURE NOTE

PATIENT

Name: Mildred Reyes
DOB: 1947-06-07
MRN: MRN-2026-0501
Date of Procedure: 2026-05-15
Provider: Dr. Elena Vasquez, MD

INDICATION

Patient with documented chronic systolic heart failure (LVEF 30%) presents for follow-up evaluation including 12-lead ECG and complete echocardiogram for serial assessment of cardiac function.

PROCEDURES PERFORMED

99214 Office E/M, established patient, level 4
93000 Electrocardiogram, complete, with interpretation
85025 Complete blood count with automated differential

FINDINGS

ECG: sinus rhythm, rate 78, LBBB unchanged from prior. CBC: WBC 7.2, Hgb 13.1, Plt 240. Echocardiogram (separately performed and interpreted): stable LVEF 30%, no new wall motion abnormality.

IMPRESSION & PLAN

Stable chronic systolic heart failure. Continue current GDMT regimen. Return in 3 months for repeat assessment.

SIGNATURE
