

PATIENT INTAKE FORM

Total Knee Replacement (TKR) — Episode of Care

Confidential — For Clinical Use Only

*** SAMPLE / DE-IDENTIFIED DATA — FOR TESTING PURPOSES ONLY ***

SECTION 1 — PATIENT DEMOGRAPHICS

Full Legal Name (Last, First, MI)

Harrison, Robert W.

Preferred Name

Bob

Date of Birth (MM/DD/YYYY)

03/14/1969

Sex Assigned at Birth

☒ **Male**

Gender Identity

☒ **Male**

Age

57

Social Security Number (Last 4 digits)

XXXX (on file)

Marital Status

☒ **Married**

SECTION 2 — CONTACT INFORMATION

Home Address (Street, City, State, ZIP)

4821 Ridgewood Drive, Orlando, FL 32817

Mailing Address (if different)

Same as above

Primary Phone

(407) 555-0193

Secondary / Cell Phone

(407) 555-0147

Email Address

rharrison@email.com

Preferred Contact Method

☒ **Cell Phone / Text**

SECTION 3 — EMERGENCY CONTACT & CARE SUPPORT

Emergency Contact Name

Patricia Harrison

Relationship to Patient

Spouse

Emergency Contact Phone

(407) 555-0162

Will someone be available to drive you home after surgery

[X] Yes — Patricia Harrison (spouse)

Will someone be staying with you for the first 72 hours post-discharge

[X] Yes

Caregiver / Support Person Name

Patricia Harrison

Caregiver Phone

(407) 555-0162

SECTION 4 — INSURANCE INFORMATION

Primary Insurance

Insurance Company Name

BlueCross BlueShield of Florida

Plan Name / Type

Blue Options PPO

Member ID Number

XFH885042190

Group Number

GRP-77341

Policy Holder Name (if not patient)

Self

Policy Holder Date of Birth

03/14/1969

Policy Holder Relationship

[X] Self

Secondary Insurance (if applicable)

Insurance Company Name

Medicare Part B (secondary)

Member ID Number

1EG4-TE5-MK72

Group Number

N/A — Medicare

SECTION 5 — REFERRING & PRIMARY CARE PROVIDER

Primary Care Physician (PCP) Name

Dr. Margaret Liu, MD

PCP Practice / Clinic

Orlando Internal Medicine Associates

PCP Phone

(407) 555-0210

Referring Physician Name (if different from PCP)

Dr. James Okafor, MD — Orthopedic Surgery

Referring Physician Phone

(407) 555-0388

Have you seen an orthopedic specialist before for this knee?

[X] Yes

Specialist Name and Practice

Dr. James Okafor — Florida Orthopedic Institute, Orlando

SECTION 6 — SOCIAL HISTORY

Occupation / Employment Status

[X] Employed (full-time)

Job Title / Type of Work

Commercial HVAC Project Manager — primarily office-based, some site visits

Work involves

[X] Light standing / moderate walking on job sites

Tobacco Use

[X] Former — quit 2011, 1 ppd x 12 years

Alcohol Use

[X] Moderate — approximately 4-5 drinks per week

Recreational Drug Use

[X] None

Living Situation

[X] House (multi-level) — two-story single family home

Number of steps/stairs to enter your home

3 exterior steps; bedroom on 2nd floor (14 stairs)

SECTION 7 — CHIEF COMPLAINT & KNEE HISTORY

Affected Knee

☒ Right

How long have you had knee pain or problems

Approximately 6 years; significant worsening over the past 18 months

Pain Rating (circle or check current level):

Current pain at rest

☐ 0 ☐ 1 ☐ 2 ☒ 3 ☐ 4 ☐ 5 ☐ 6 ☐ 7 ☐ 8 ☐ 9 ☐ 10

Current pain with activity

☐ 0 ☐ 1 ☐ 2 ☐ 3 ☐ 4 ☐ 5 ☐ 6 ☒ 7 ☐ 8 ☐ 9 ☐ 10

Worst pain in the past month

☐ 0 ☐ 1 ☐ 2 ☐ 3 ☐ 4 ☐ 5 ☐ 6 ☐ 7 ☐ 8 ☒ 9 ☐ 10

Describe your knee pain in your own words:

Deep aching in the right knee, especially when walking on uneven ground or going down stairs. Some nights I wake up from the pain even without moving. Feels like the joint is grinding.

Pain character

☒ Aching ☒ Throbbing ☒ Constant (with activity) ☒ Morning stiffness

Pain is worse with

☒ Walking ☒ Stairs ☒ Standing long periods ☒ Night

Knee swelling

☒ Yes — moderate, daily

Knee locking or giving way

☒ Yes — occasional giving way on uneven surfaces

Clicking or grinding sensation (crepitus)

☒ Yes — audible grinding noted

Deformity or bowing of the leg

☒ Yes — mild varus (bow-leg) deformity noted by orthopedist

SECTION 8 — FUNCTIONAL STATUS

How far can you walk before stopping due to knee pain?

☒ 1-3 blocks

Can you climb stairs?

[X] Yes, with difficulty — must use handrail, one step at a time going down

Can you rise from a chair without using arms?

[X] No — requires arm support

Do you use a walking aid?

[X] Cane — right side, used outdoors and on job sites

Does knee pain interfere with your sleep

[X] Yes — 3-4 nights per week

Does knee pain limit your work or daily activities

[X] Yes — limited site visits, cannot stand more than 30 min

Does knee pain limit your recreational or social activities

[X] Yes — stopped golf 2 years ago; limited walking with grandchildren

SECTION 9 — PRIOR TREATMENT FOR THIS KNEE

Prior treatments received (check all that apply):

[X] Physical therapy (2020, 8 weeks) [X] Cortisone injections (x3 — 2021, 2022, 2023) [X] Hyaluronic acid (gel) injections (Synvisc, 2022 — minimal relief) [X] Bracing (unloader brace, 2022-2023) [X] Oral anti-inflammatories (NSAIDs — Meloxicam 15mg daily, current)

Prior knee surgery date(s) and type

2018 — Right knee arthroscopy (medial meniscus partial resection), Florida Orthopedic Institute

Diagnosis confirmed by imaging

[X] X-ray [X] MRI

Imaging result / finding

X-ray (2024): Severe tricompartmental osteoarthritis, right knee; bone-on-bone medial compartment; Grade IV Kellgren-Lawrence. MRI (2023): Complete medial meniscus loss, articular cartilage full-thickness defects.

SECTION 10 — MEDICAL HISTORY

Diagnosed or treated conditions:

[X] High blood pressure (hypertension) — diagnosed 2016, controlled on Lisinopril [X] Type 2 Diabetes — diagnosed 2019, HbA1c: 7.1 (last checked 03/2026) [X] Sleep apnea — diagnosed 2021, using CPAP nightly (ResMed AirSense 10) [X] Obesity — BMI 34.2 [X] Osteoarthritis (primary diagnosis, right knee) [] Heart disease [] Stroke/TIA [] CKD [] Liver disease [] COPD [] Blood clotting disorder [] Cancer [] Rheumatoid arthritis [] Peripheral vascular disease [] Depression or anxiety

Other significant medical conditions:

Mild hyperlipidemia — managed with diet and Atorvastatin 20mg

SECTION 11 — SURGICAL HISTORY

Prior surgeries (most recent first):

1. Right knee arthroscopy (partial medial meniscectomy) — 2018 — Florida Orthopedic Institute, Orlando 2. Laparoscopic appendectomy — 2009 — Orlando Regional Medical Center 3. Right shoulder rotator cuff repair (arthroscopic) — 2004 — Florida Orthopedic Institute

History of complications with anesthesia

[X] No — tolerated general anesthesia without complications (2018 procedure)

SECTION 12 — ALLERGIES

No Known Drug Allergies

[] — Allergies documented below

Allergy 1

Penicillin — Reaction: Hives / urticaria (confirmed childhood allergy, on record)

Allergy 2

Sulfa (sulfamethoxazole) — Reaction: Rash

Allergy 3

None additional

Latex allergy or sensitivity

[X] No

Metal allergy (nickel, cobalt, chromium)

[X] Unknown — no prior patch testing

Iodine / contrast dye allergy

☒ No

SECTION 13 — CURRENT MEDICATIONS

All current medications, supplements, and OTC drugs:

1. Lisinopril 10mg — Once daily (morning) — Dr. Liu 2. Metformin 1000mg — Twice daily (with meals) — Dr. Liu 3. Atorvastatin 20mg — Once daily (evening) — Dr. Liu 4. Meloxicam 15mg — Once daily (with food) — Dr. Okafor 5. Omeprazole 20mg — Once daily (GI protection with Meloxicam) — Dr. Liu 6. Aspirin 81mg — Once daily — Self-initiated / Dr. Liu aware 7. Vitamin D3 2000 IU — Once daily — OTC / self 8. Fish Oil 1000mg — Once daily — OTC / self

Blood thinners / anticoagulants currently taken:

☒ Aspirin 81mg daily ☐ Warfarin ☐ Clopidogrel ☐ Eliquis ☐ Xarelto ☐ Pradaxa

SECTION 14 — ANESTHESIA & SURGICAL PREFERENCES

Preferred anesthesia type

[X] Regional (spinal/epidural) — discussed with surgeon, prefers to avoid general if possible

History of blood clots (DVT or pulmonary embolism)

[X] No

Implanted device (pacemaker, AICD, neurostimulator, metal implant)

[X] Yes — right shoulder bioabsorbable suture anchors (2004); no metallic implants

Device type and location

Bioabsorbable suture anchors, right shoulder — from 2004 rotator cuff repair; no current metallic hardware

Religious or personal objections to blood transfusion

[X] No

Autologous blood donation program interest

[X] No preference — will follow surgeon recommendation

SECTION 15 — ANTICIPATED RECOVERY PLAN

Anticipated discharge destination:

[X] Home — with caregiver support (spouse Patricia will be present full-time for first 2 weeks)

Stairs at home requiring navigation post-discharge

[X] Yes — 14 stairs to bedroom; patient plans to sleep on main floor (couch/recliner) for first 2 weeks

Number of steps to reach bedroom or main living area

3 exterior steps; will use side-entry ramp (installing pre-surgery)

Home health or physical therapy arranged post-discharge

[X] Yes — Florida Home Health Services; PT 3x/week starting Day 2 post-discharge

Agency name

Florida Home Health Services, Orlando — (407) 555-0299

Durable medical equipment (walker, raised toilet seat, shower chair) available

[X] Yes — walker rented; raised toilet seat and shower bench ordered via DME supplier

SECTION 16 — PATIENT GOALS & EXPECTATIONS

Primary goal for this surgery:

[X] Eliminate or reduce daily pain [X] Return to walking without a device [X] Return to recreational activity — specifically golf and extended walking with grandchildren

Describe in your own words what a successful outcome looks like to you:

"I want to walk a full round of golf again. I had to give up the sport two years ago and I miss it. More than that, I want to be able to walk around the block with my grandkids without stopping every 50 yards. If I can get back to feeling like a normal 57-year-old without the constant pain, that is a win for me."

Return to normal daily activity (estimate)

6-8 weeks for basic ADLs; 3 months for full independence

Return to work or recreational activity (estimate)

Work (desk duties): 4-6 weeks; Golf: 6-12 months with PT clearance

Attended joint replacement education class or preoperative orientation

[X] Yes — Orlando Health Joint Academy class attended 06/10/2026

Concerns or fears about surgery or recovery

[X] Yes — concerned about blood sugar management during hospitalization and post-op pain control given prior NSAID use

Additional note: Patient has CPAP and requests it be available in room night of surgery. Spouse to bring unit from home if not provided by hospital.

SECTION 17 — CONSENT, AUTHORIZATION & SIGNATURE

By signing below, I certify that the information provided in this intake form is accurate and complete to the best of my knowledge. I authorize the release of my medical information to my surgeon, care team, and insurance provider as necessary for treatment and billing purposes. I understand this form does not constitute surgical consent, which will be obtained separately.

Patient Signature: Robert W. Harrison (signed) Date: 06/23/2026

Printed Name: Robert William Harrison

If signed by legal guardian or authorized representative:

N/A — Patient signed independently

FOR OFFICE USE ONLY
